Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

The meldonium salts of the general formula $X^-(CH_3)_3N^+NHCH_2COOH$, as recited in the claims, where X is an anion selected from, *inter alia*, dihydrogen phosphate, hydrogen fumarate and orotate anions, the process for producing said meldonium salts by treatment of meldonium in a solvent with the corresponding polybasic acid, the use of said meldonium salts in the manufacture of pharmaceutical compositions and the pharmaceutical compositions containing said salts have not been disclosed or taught in prior art. The closest prior art by Ereemeev et al. (US Patent 4481218, US Pat '218) teaches 3-(2,2,2-trimethylhydrazinium) propionate salt esters of the general formula $X^-(CH_3)_3N^+NHCH_2COOR$, where X is a chloride, bromide, iodide, CH_3SO_4 and R is a lower alkyl. The US Pat '218 art's formula is structurally dissimilar from the instant application and thus would behave differently. The substituent change in the instant application addresses the overall need for lower hygroscopicity, better thermal stability and alleviation of toxicity, of malodor and of unpalatable taste of existing meldonium salts.

2. The listing of references in the specification is not a proper information disclosure statement. 37CFR 1.98(b) requires a list of all patents, publications, or other information submitted for consideration by the Office, and MPEP § 609.04(a) states, "the list may not be incorporated into the specification but must be submitted in a separate paper." Therefore, unless the examiner on form PTO-892 has cited the references, they have not been considered.

The applicant is requested to diligently update the IDS to reflect the references cited in the specification.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
